

31st

EADV CONGRESS

MILAN
& ONLINE

7 - 10 SEPTEMBER 2022

**DESIGNING THE FUTURE
OF DERMATOLOGY
AND VENEREOLOGY**

Successes in shared decision-making

What can we all do to help?

Marjolein van Kessel, patient representative
Congenital Melanocytic Naevus

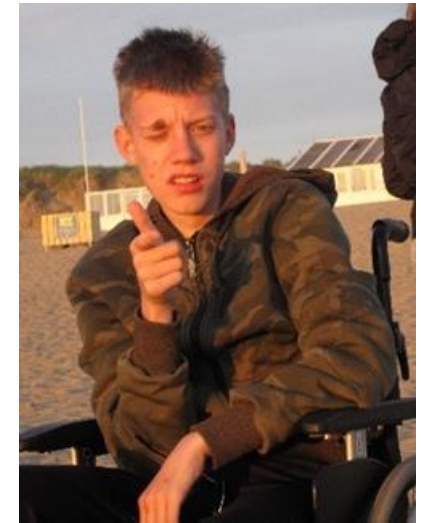

Naevus Global
Naevus International
Nevus Netwerk Nederland

E-Pag ERN-skin

Patient representative

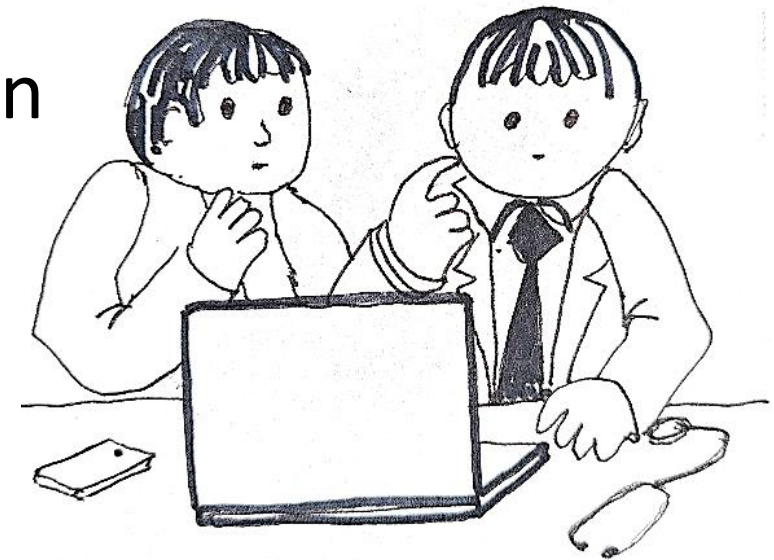

- I have no conflict of interest to declare.
- I work voluntarily unpaid (4 days a week).
- Intrinsic motivation because of my son with congenital melanocytic naevi

Dafnis
1998-2012

The patient of tomorrow is

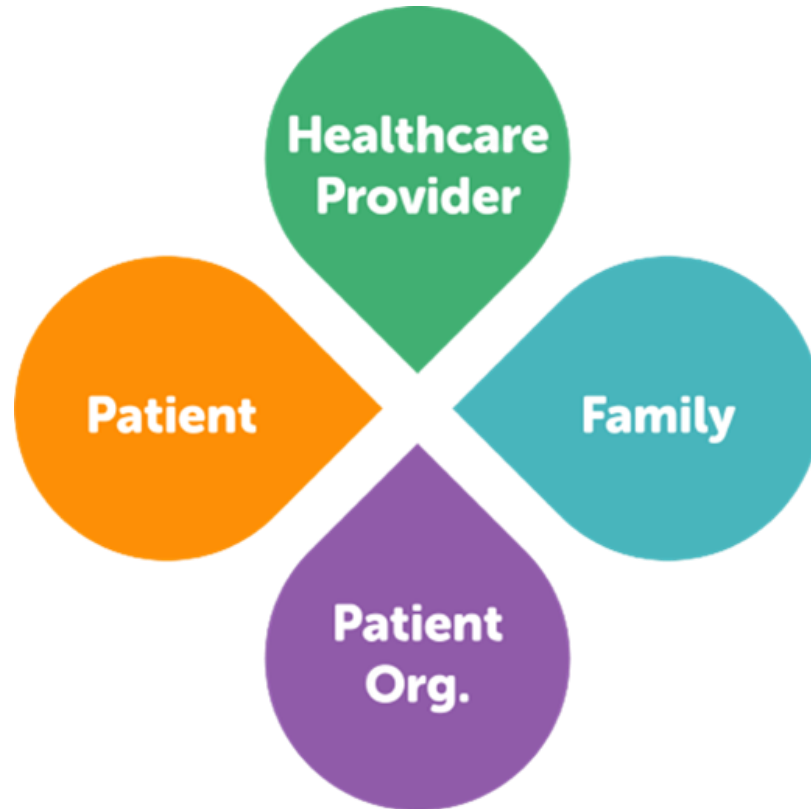

- Connected (self-monitoring)
- Better informed (patient organization + online diagnosis)
- More engaged in healthcare decisions
- Owns and manages their medical information

Work together

How:

- medical
- psychological
- social

Patient organizations:

- Expert by experience on social, psychological and medical aspects
- Knowledge of patients and family members
- Sustainable healthcare

Motivated patients - more success in treatments
